🌐 SurafelAbebe

Profile

Versatile Software Developer with expertise in frontend development and cross-platform mobile, web and desktop application engineering. Proficient in designing responsive interfaces, developing robust application architectures, and integrating AI-powered features into modern software systems. Strong background in prompt engineering and AI-assisted development workflows, enabling rapid prototyping and efficient problem-solving. Dedicated to leveraging AI as a core component of next-generation software development.

Professional Experience

- | | |
|--|---|
| 2025 – Present
Addis Ababa , Ethiopia | mobile app development
<i>Felege Birehan Sunday School</i>
Developing an offline-first mobile application using Expo, enabling users to access and search mezmur(spiritual song) lyrics without internet connectivity. Implemented seamless online synchronization with Supabase to fetch and update lyrics, ensuring data consistency and smooth user experience. |
| 2025 – 01/2026
Addis Ababa , Ethiopia | desktop app development
Developed a full-featured offline desktop garage management system using React, Electron.js, and SQLite. Designed and implemented modules for service tracking, customer records, billing, and inventory management with secure local data storage and optimized performance. |
| 2025 – Present
Addis Ababa , Ethiopia | web app development
Developed a full-featured web-based retail management system using React (Vite) and Supabase. Implemented modules for inventory management, sales processing, branch management, and real-time data synchronization to support complete retail operations. Designed scalable architecture and optimized performance for efficient multi-branch usage. |

Education

- | | |
|---|--|
| 09/2024 – Present
Addis Ababa , Ethiopia | Computer Science - second year
<i>American College of Technology</i> |
|---|--|
